- Deep Penetrating Anti-Bacterial Action
- Removes Mould Spores, Black Spot, Lichen & Algae
- Helps Restore Stone & Paving to Original Colour
- External Natural & Artificial Stone, Porcelain & Concrete Paving
- Suitable for Exterior Use, Domestic & Commercial

DESCRIPTION

Formulated to cling to surfaces and remove mould spores, black spot, lichen, fungus, algae and moss from all types of external natural and artificial stone including porcelain and concrete paving. Bleaching action helps restore stone and paving to its original colour. The deep penetrating antibacterial action helps prevent re-growth.

DIRECTIONS

SHAKE WELL BEFORE USE. Always test on an inconspicuous area before general application. This product contains bleaching action.

Apply neat directly to the surface to be treated through a plastic watering can or light pressure garden sprayer. Leave to absorb for 2-4 hours. The product will begin to fizz as it gets to work. Hose off thoroughly with clean water.

Ensure that the area to be treated is cleared of garden furniture and other items to avoid accidental contact with the product. Ensure all loose dirt and other debris is removed by brushing prior to application. The product can be applied to slightly damp or dry surfaces. Do not apply to surfaces saturated from recent rainfall or if rain is due within the time period required to treat the surface.

N.B. Keep pets and children away from the area until the entire process is completed. In case of contact with metals, fabrics and painted surfaces, rinse with water immediately. Avoid contamination in to ponds. Avoid contact with plant life and if contact is made rinse well with plenty of water.

Rinse all equipment that has been in contact with the product with cold water after use. Do not use in conjunction with acid based removers or other acid based cleaners.

SEALING

It is recommended that you seal your recently cleaned surfaces with a suitable ROCATEX sealer as this will help prevent moisture and organic particles from absorbing into the surface, thereby reducing the growth of algae, mould and black spot.

COVERAGE

Up to 25m² depending on the extent of the soiling.

STORAGE

Store upright in a cool, dry, frost-free environment. Once open use within 6 months of purchase.
