

Rust Stain Remover

PAVING / PORCELAIN / STONE

High performance non acidic formulation. Removes surface rust stains / Exterior Use

DESCRIPTION

High performance non-acidic non-caustic formulation. Removes surface rust stains left by standing metal objects and lawn fertilisers from the surface of paving. Particularly suited for delicate applications such as marble and limestone. Acts directly onto the surface to be treated, removing stains in just 15 minutes. Ideal for porcelain, sandstone, limestone, slate, granite, brick, terracotta, and concrete paving.

DIRECTIONS

Preparation

Ensure surface to be treated is completely free from dust and dirt before application. If necessary, first wash area with ROCATEX Tile & Stone Renovator diluted 1:10 with water.

Application

SHAKE WELL BEFORE USE. Do not dilute. Completely cover the rust stain with the product. Leave to act for 15 minutes. The product colour will change to a deep purple as it reacts with the rust. Once the indicated time has elapsed, scrub the area with a deck brush or nylon scrubbing pad and extract the residue using a sponge. Thoroughly rinse with plenty of water and leave to dry. Repeat application until the stain is completely removed. For best results ensure that the surface temperature is between 5-25°C before applying.

COVERAGE: M² PER COAT

	1Ltr	5Ltr
Surface cleaning	5m ²	25m ²

AFTERCARE

Routinely sweep and wash surfaces. Clean and mop surfaces with ROCATEX Tile & Stone Cleaner.

STORAGE INFORMATION

KEEP UPRIGHT in a cool dry place.

Shelf life: Once opened use within 6 months of purchase for optimum results.
